140900018 09/08/14 Criminal Mischief – Victim reports someone broke three windows on her residence. A pallet of ceramic tiles was found on the side of the house and it appears that some tiles were used to break the windows. Case has been assigned for follow-up however no physical evidence was available. Case continued.

140900031 09/18/14 Burglary – Victim reported that someone entered an estate residence which she and her sisters have been trying to sell. She reports that two rings were stolen from the residence. There was no forced entry found and according to the victim the rings had been left one month prior. No other items were taken and the rings were found to be the only items insured. Case is currently being pursued as a possible insurance fraud case. Interviews with the reporting parties found inconsistencies and we are working with the insurance company to get further information. Case Continued.

141000031 10/12/14 Theft – Victim initially reported that an unknown female had stolen a bicycle from his condo parking garage. A witness and the victim's daughter had seen the woman trying to ride away and had told her to stop. The woman returned the bicycle advising that she was just borrowing it. The suspect was allowed to leave the area before police arrived. When officers arrived on scene the victim advised that although he recovered this bicycle another had been missing for over 24 hours. He advised that it had been parked in the same area and not locked. He advised it was a black Onyx Beach Cruiser but he had no serial numbers. There were some identifying marks on it. There is no video in the area where this bicycle was located. Attempts to identify the unknown female are negative at this time. Case Continued.

**141000044 10/23/14 Burglary – Officers responded to a burglar alarm and upon arrival found the front door to the residence pried open. After checking the residence for suspects officers found that numerous pieces of jewelry had been removed from the master bedroom and stacked near the front door of the residence. It appeared that the delayed alarm caused the suspects to panic and they exited through a back door. Several pieces of jewelry were discovered in the back yard. The residence was processed for evidence. The victim returned and it appears that the suspects left behind all property as the victim reports nothing missing. Three suspects have been identified as they were stopped by officers near the area where the incident occurred. Case Continued.**

***NOTE**: CAD-generated statistical reports are compiled from a live database of calls for service; this live database requires frequent call updating to ensure real time data is correct and maintained. When compiling and comparing statistics over time, minor discrepancies are inherent and should be expected. For final report information on crime, Uniformed Crime Reporting (UCR) statistics should be utilized.*
