

DECEASED ANIMALS

A dead animal can possess parasites, rabies, and other germs and diseases. Never touch a dead animal!

Please note that dead animals located on public property (streets and right-of ways are handled by Waste Management (673-0734, ext. 331) and are picked up from public right-of-ways only. The homeowner must contact an animal removal contractor for removal of deceased animals from private property at the homeowner's expense.

NUISANCE ANIMALS

A wild animal can possess parasites, rabies, and other potentially life-threatening germs and diseases. It is against the town codes to feed and/or harbor wild animals.

For the removal of nuisance or wild animals, the homeowner must contact an animal removal contractor for removal at the homeowner's expense.
