NOTE: CAD-generated statistical reports are compiled from a live database of calls for service; this live database requires frequent call updating to ensure real time data is correct and maintained. When compiling and comparing statistics over time, minor discrepancies are inherent and should be expected. For final report information on crime, Uniformed Crime Reporting (UCR) statistics should be utilized.

COMMENTS:

12020008 Theft – Victim reports that her Apple I Phone turned up missing after a party with friends in the area. There were numerous persons at the party and witnesses are reluctant to talk as underage drinking was prevalent. The father of the victim was able to provide information on the missing cell phone to include the serial number. The cell phone has been entered into NCIC/FCIC as stolen. UPDATE: Regular Pawn Checks as well as checks through Leads On Line (this includes ebay and other network sites) are negative at this time. We will continue to check other outlets to find if the phone is attempting to be sold. Case Continued

12020011 Theft – Report of one pallet of ceramic roof tile taken from a drive way of an occupied residence that was undergoing renovations. The incident occurred over a weekend and the residents of the home were in residence. When the worker returned on the Monday following the weekend they found one of the pallets was empty and standing on its side. The color of the missing ceramic was unique and there was not enough of it to cover a roof. The items were also extremely heavy and a truck would be needed to move them. There are no suspects at this time and construction sites nearby were checked. UPDATE: Checks with construction companies have been negative for anyone attempting to sell roof tiles. A check of scrap yards has also been unproductive in this case. Case will remain open for another month to insure that no other attempts are made to sell items. Case Continued.

120400009 Burglary (Vessel) – two victims with their boat docked at Harbor Village Marina had their fishing rods and reels stolen from the boat between 3/2 and 3/5 (the report was not made until 4/4). The rods and reels were not secured on the vessel and there are no serial numbers or witnesses available. Pawn checks and EBay checks were made based on the descriptions with negative results. Case Continued.

120400013 Grand Theft – Owner of two jet skis had a friend drop off her skis and a trailer at the Inlet Harbor Dry Dock storage. Approximately one month later, the victim came to Inlet Harbor to use the skis and employees were unable to locate the skis. The victim provided registration information and both were entered into NCIC/FCIC. The trailer was not entered as at this time the owner did not have title for it and was in the process of transferring. Case Continued.

120400021 Theft – Victim (who is a part time resident) reports that sometime during a 3 week period someone took a gaming system from their residence. Said system was at the residence the last time that a cleaning person had entered, and when the victims returned three weeks later the system was missing. Pawn checks for the item and on possible suspects have been negative at this time. Cleaning person has been interviewed and at this time there is no evidence to suspect she is involved. Case Continued

120500006 Carbreak – Victim reported that sometime during an overnight period someone entered his vehicle and took an IPAD from the back seat. Victim was able to provide serial number and item was entered into NCIC/FCIC as stolen. There is a GPS tracking chip on the IPAD however to date the IPAD has not been started or used to track any information. A fingerprint was pulled from the vehicle that did not match the victim or family and could be the suspects. A check of AFIS was negative and the print has been added to data base for possible future identification. Case Continued

120500010 Theft – Victim reports that someone took a large amount of money from his business. The theft appears to have been either a current employee or a former employee. To date most of the employees have been interviewed however no confessions or admissions have been made. Probable cause may exist that a former employee has stolen from the victim previously and this is being looked into. Case Continued

120500012 Identity Theft – Victim reports that someone has used her identity to attempt to open up a charge account in her name. Contact was made with the bank and it appears that someone in California was attempting to divert the card to an address in that state. A check of the victim's credit finds that no other suspicious accounts have been opened. The victim has been assisted in getting a fraud alert placed against her account. Due to the fact that much of the crime was out of state and preventative measures have been taken to insure that the victim does not lose anything this case is now closed out with no further action needed.

120500035 Theft – Victim reports that someone took a lifeguard stand and a wooden chair from in front of his business on South Atlantic Ave. Value of the items was in excess of \$1000. The items were out front and not secured. A check of the business next door finds that they have surveillance equipment and it was pointed in the direction of the victim business. A check of the video found no one coming from the front of the business or parking in front. It is probable that the suspects
