COMMENTS

141200041 12/27/14 Suspicious Incident – A juvenile was found in an extremely inebriated state to the point where she did not know where she was. Said juvenile stated that she took some form of drug while out with friends, and does not remember much of the incident. The juvenile was found covered in sand and there were indications of sexual activity. At current time there is no evidence that a crime has been committed. Tests revealed that the substance on the clothing that the victim was wearing was not sexual excretions. Mother of the victim no longer wishes any further actions. No crime involved so case is Unfounded.

150100006 01/05/15 Burglary (Conveyance) – Victim reports that sometime between 12/08/14 and 12/26/14 someone took a rod and reel set from his boat which was parked at Harbor Village Marina. He stated that he did some checking on his own with crew members so that was the reason why it took him so long to report. There was no forced entry to the vessel however the owner kept a key hidden in the outboard to the vessel. No physical evidence available. There are two cases that occurred in February from the same area and are being looked at as related (150200017 and 150200024). To date there are no new leads available in this case. Case is Inactive.

150200017 02/11/15 Theft – Reporting party advised that a boat had been stored on property. Work had been done on the boat for one week and then it was stored on the second story of the dry storage area. About a week after storage it was found that a trolling motor from the boat was missing. There was no recoverable evidence and the boat was located in an area with no cameras. There was a similar case with some video evidence that occurred several days later with some video evidence and it is currently being investigated as possibly related (150200024). All leads have been explored with negative results. No new leads have been received. Case is Inactive.

CIU MONTHLY STATS

150200024 02/16/15 Theft – Reporting party advised that they were preparing a boat to be sold and discovered that a trolling motor was missing from the bow of the boat. RP advised that prior to the report the motor had been seen on the boat. A check of video evidence does have a suspicious vehicle pulling in next to the boat and remaining there for about 40 minutes and the occupants appear to remain. No clear video of the suspects however we are working on processing the photo of the vehicle. This case is being investigated in relation to 150100006 and 150200017. As all leads have been checked with negative results and no new leads have been received this case is Inactive.

150300018 03/09/15 Theft – Victim reports that his motorcycle trailer that he stores at a local marina has been stolen. He advised that he last saw the vehicle in January 2015 and allowed workers to borrow the trailer from time to time. He was contacted by one of the workers asking if he would loan it out. The worker thought that the victim had the trailer as he had not seen it in the parking lots since January also. The victim checked with all workers and all denied that they had used the trailer. The trailer has been entered into NCIC/FCIC as stolen. There are no further leads to pursue in this case and until NCIC/FCIC hit is received this case is Inactive.

150300051 03/21/15 Burglary (Conveyance) – Victim parked his vehicle in an off beach parking lot and went to the beach. When he returned to his vehicle, 30 minutes later, he found the driver's side window broken out. Although the vehicle had been rummaged through he found that nothing was missing from the vehicle. There appeared to be some blood on the center console which may be from the suspect. Said blood has been submitted to FDLE and we are awaiting DNA results. Case continued.

150300065 03/26/2015 Burglary (Conveyance) – Victim reports that some time during a 22 hour period someone had entered his vehicle and took several small items from it. The victim advised that he could not remember if his vehicle had been locked or unlocked. One of the items taken was the owner's manual for the vehicle. Information has been received that on certain vehicles thieves have been able to get electronic key information from the owner's manual and make duplicate keys. The victim was advised to get with his dealership to change computerized ignition system. As of this time there are no further leads in this case. Case is Inactive.

150300073 03/30/15 Shoplifting – Convenience store advised that a W/M came into the store to purchase cigarettes. Store clerk placed the cigarettes on the counter and the suspect grabbed them and ran from the store. Video surveillance showed good photos of the suspect and has been sent out to all law enforcement agencies in Volusia County. Case Continued.

150400029 04/12/15 Theft – Victim originally reported jewelry valued at over \$11,000 missing from her condominium. Investigation found that a friend of her family had pawned the jewelry similar to the missing jewelry in Orlando several months prior. The suspect also had the victim's vehicle. A check of the OnStar system on the vehicle found that it was in Colorado. Said vehicle was entered into NCIC/FCIC and the Colorado authorities were informed. The suspect was eventually arrested for the theft of the vehicle. He was also charged with the theft of the jewelry. Case closed by arrest.

CIU MONTHLY STATS

150400048 04/19/15 Theft – Victim reported that she was purchasing some items at a convenience store and had left her car keys and her debit card on the counter while she shopped. When she returned she found that both the keys and the card were missing . A review of the video from the store revealed a W/M in his 20's had taken the items (see photo of suspect below). Photos have been sent out to other agencies for possible identification. To date no attempts were made to use the debit card. Case Continued.

NOTE: CAD-generated statistical reports are compiled from a live database of calls for service; this live database requires frequent call updating to ensure real time data is correct and maintained. When compiling and comparing statistics over time, minor discrepancies are inherent and should be expected. For final report information on crime, Uniformed Crime Reporting (UCR) statistics should be utilized.
