141000044 10/23/14 Burglary – Officers responded to a burglar alarm and upon arrival found the front door to the residence pried open. After checking the residence for suspects officers found that numerous pieces of jewelry had been removed from the master bedroom and stacked near the front door of the residence. It appeared that the delayed alarm caused the suspects to panic and they exited through a back door. Several pieces of jewelry were discovered in the back yard. The residence was processed for evidence. The victim returned and it appears that the suspects left behind all property as the victim reports nothing missing. Three suspects have been identified as they were stopped by officers near the area where the incident occurred however at this time there is no evidence placing them at the scene of the crime or having been involved in the crime. Case is Inactive pending new leads.

141200041 12/27/14 Suspicious Incident – A juvenile was found in an extremely inebriated state to the point where she did not know where she was. Said juvenile stated that she took some form of drug while out with friends, and does not remember much of the incident. The juvenile was found covered in sand and there were indications of sexual activity. At current time there is no evidence that a crime has been committed. We are awaiting tests from the victims clothing to see if any sexual activity was involved. The victim at this time is very uncooperative. Case Continued.

150100006 01/05/15 Burglary (Conveyance) – Victim reports that sometime between 12/08/14 and 12/26/14 someone took a rod and reel set from his boat which was parked at Harbor Village Marina. He stated that he did some checking on his own with crew members so that was the reason why it took him so long to report. There was no forced entry to the vessel however the owner kept a key hidden in the outboard to the vessel. No physical evidence available. There are two cases that

CIU MONTHLY STATS

occurred in February from the same area and are being looked at as related (150200017 and 150200024). Case Continued.

150100017 01/10/15 Burglary (Conveyance) – Victim reports that someone entered his vehicle during overnight hours of 01/09/15 and took several items including a complete set of golf clubs in a golf bag. Investigation found that the golf bags and a set of binoculars were pawned at a shop in Daytona Beach less than 24 hours later. A suspect has been identified and her fingerprints matched those that were on the pawn slip. Charges in this case have been filed with the State Attorney for Burglary and Dealing in Stolen Property. Case Continued.

150100033 01/19/15 Theft – Victim reports that someone stole a set of golf clubs from his residence. After speaking with an informant who had some information a suspect in this case has been identified. The suspect is the victim's juvenile son who has a drug addiction. The golf clubs were found at a second hand shop in Port Orange and had been sold by the suspect in this case. The clubs have been recovered however the victim in this case does not wish to prosecute this case. The case is closed exceptionally.

150200017 02/11/15 Theft – Reporting party advised that a boat had been stored on property. Work had been done on the boat for one week and then it was stored on the second story of the dry storage area. About a week after storage it was found that a trolling motor from the boat was missing. There was no recoverable evidence and the boat was located in an area with no cameras. There was a similar case with some video evidence that occurred several days later with some video evidence and it is currently being investigated as possibly related (150200024). Case Continued.

150200024 02/16/15 Theft – Reporting party advised that they were preparing a boat to be sold and discovered that a trolling motor was missing from the bow of the boat. RP advised that prior to the report the motor had been seen on the boat. A check of video evidence does have a suspicious vehicle pulling in next to the boat and remaining there for about 40 minutes and the occupants appear to remain. No clear video of the suspects however we are working on processing the photo of the vehicle. This case is being investigated in relation to 150100006 and 150200017. Case Continued.

NOTE: CAD-generated statistical reports are compiled from a live database of calls for service; this live database requires frequent call updating to ensure real time data is correct and maintained. When compiling and comparing statistics over time, minor discrepancies are inherent and should be expected. For final report information on crime, Uniformed Crime Reporting (UCR) statistics should be utilized.
