(Three CEU's being offered for both FNGLA and ISA.)

## **When:**

Wednesday, April 20, 2016  
9:00 am - 1:00 pm

Check-in begins at 8:30 am

Lunch break at noon.

## **Location:**

City of Ponce Inlet  
Community Center  
4670 S. Peninsula Dr.  
Ponce Inlet, FL 32127

This free Mangrove Trimming Workshop offered by Florida Department of Environmental Protection's Central District will offer guidance on:

» **Live Demonstration of Proper Trimming Technique and Training on How to Properly Identify Various Types of Mangroves**

- Mangroves are sensitive species protected by Florida Law. Accurate mangrove identification is critical in the selection of proper trimming techniques, so as to ensure mangrove survival.

» **Regulations and Certifications**

- Overview of the importance of mangroves to the ecosystem, as well as how to apply for necessary permits and comply with Florida's rules and regulations.
- Will also provide the necessary steps to become a Professional Mangrove Trimmer.
