

6-C

TOWN OF PONCE INLET /DEPARTMENT OF FIRE SERVICES

STAFF REPORT TO TOWN MANAGER

Town Council meeting of December 15, 2016

Type of Request: Hydrant Maintenance

Discussion:

The Town of Ponce Inlet Fire Department is requesting to contract major hydrant maintenance with R&M Service Solutions. The attached quote is based on the 2015 Volusia County competitive bid contract 15-B-78 AK contract for hydrant maintenance. We are utilizing collective purchasing through the Volusia County contract as allowed under the Town's Code of Ordinances, Sec. 2-357.

Hydrant maintenance performed by a professional company assures significant equipment deficiencies are repaired in a timely manner, and all hydrant flow data is compiled and reported to the town. Currently there are 147 hydrants being serviced, with R&M Service Solutions maintenance costs approximated at \$6,600 (currently budgeted). This does not include any additional maintenance that may be required based on the inspection performed by Mueller.

Recommendation:

Staff recommends approving the service contract of Hydrant Maintenance with R&M Service Solutions.

Dan Scales, Fire Chief
